COUNCIL SAYS NEW MUNICIPAL BUILDING HERE IS DESIRABLE

The first formal step toward construction of a municipal building was taken by Gettysburg borough council at its meeting Monday evening in the engine house, with a vote approving a motion that council desires to construct a municipal building.

That was followed by another motion authorizing the committee headed by Councilman Mahlon P. Hartzell, which has been studying the possibility of enlarging the engine house, to go ahead with planning for the municipal building, get architect's drawings, estimates of expenses and the availability of funds, then report back to council to permit the council to take final action deciding whether the town should go ahead with the project, or abandon, or change it.

While giving council control over final decisions in the matter, the action permits completion of plans and application to the Housing and Home Finance Agency, Community Facilities Administration, for matching funds under the federal government's "Accelerated Public Works Program."

\$200,000 PROJECT

Councilman Hartzell told council the plan suggested by his committee calls for remodeling of the present engine house plus the construction of a two-story addition to the rear of the present structure extending to the alley to the south of E. Middle St.

He said the committee estimated the cost will be about \$200,000. He said that estimate, in his belief, is high. The plan, he added, contemplates obtaining \$100,000 in federal funds to match \$100,000 outlay by the borough. If the federal funds cannot be secured then the plan would not be carried out.

A letter was read from the Gettysburg Planning Commission.

SEEK VIEWS ON NEW LIGHTS IN TOWN'S CENTER

Does the town wish to change its "White Way" by replacing the present street lamps on Lincoln Square and the first blocks of the four main streets with the type lamp now displayed on the standard immediately in front of the Hotel Gettysburg?

That was the question town council put to the borough at its meeting Monday evening. It seeks an answer in 30 days.

Councilman Philip M. Jones told council the Metropolitan Edison Company has offered to place the type of lamp, on display the past month on the standard in front of the hotel, on all 48 light standards in Lincoln Square and the four first blocks adjacent thereto.

BETTER LIGHTING

The light poles will be put in "first class shape." The new type light provides 11,000 lumen power as compared to 6,000 lumen for the present lamps. The glass of the new lamp on the side toward the street is designed to diffuse the light out farther while on the sidewalk side the glass directs the light toward the sidewalk. The new type lights, because they have almost double the power of the present lights and the light is better diffused, will provide better lighting — doing away with dark spots, and the type lamp will be more closely in conformity with the Project Gettysburg design than the present type lamp, council was told.

At present the borough pays \$2,938.29 per year for the "White Way" lighting. If the new lamps

2,000 Visitors At New High School

Two thousand persons inspected the new Gettysburg Area High School during the open house Sunday afternoon, Senior High School Principal Charles E. Tressler reported Monday.

Teachers were in their home rooms and 27 members of the Student Council were on duty to direct the visitors.

The new building has been in use since last November 30.

COL. LIVESAY IS AWARDED HIGH HONOR

The Legion of Merit, the United States' second highest peacetime military decoration, has been awarded to Lieutenant Colonel Robert G. Livesay, USAF Retired, for his outstanding service as Air Force liaison officer to the Alaska Wing of the Civil Air Patrol. Colonel Livesay is a former resident of Gettysburg.

Colonel Livesay, named deputy commander of the Wing following his retirement October 31, resides in Anchorage, Alaska, where he is associated with a life insurance company.

Lieutenant General George W. Mundy, USAF, commander in chief, Alaska, presented the medal to Colonel Livesay during a ceremony at Alaskan Command headquarters, Elmendorf AFB, Monday, January 28.

QUOTE CITATION

The citation accompanying the award read in part: "Lieutenant Colonel Robert G. Livesay distinguished himself by exceptionally meritorious conduct... as United States Air Force liaison officer to Alaska Wing... from 1 April 1961 to 31 October 1962... through his outstanding ingenuity, unusual professional ability, and dedicated effort, Colonel Livesay has made significant contributions toward providing a realistic Aerospace Education Program for the youth and an effective emergency air service plan for the citizens of our nation."

In nominating Colonel Livesay for the award, Alaska Governor William A. Egan, in a letter to General Mundy, cited many instances of CAP development and expansion in the 49th state which he attributed to the colonel's initiative and forceful action while he was advisor to the Alaska Wing.

Alaska Senator E. L. Bartlett, in his endorsement of Governor Egan's recommendation, stated

Diefenbaker May Close Canadian Parliament To Stave Off Defeat Threat

By MAX HARELSON
OTTAWA (AP)—A tide of votes built up today against Prime Minister John Diefenbaker's government in Canada's nuclear warhead crisis. A vote on no-confidence motion appeared to have a good chance to topple the badly split Conservative party from power.

There was a possibility that Diefenbaker, to head off defeat in the House of Commons, would dissolve Parliament on his own initiative and call new elections.

Defeat of the government on a vote of no-confidence would mean dissolution of Parliament shortly after, with a new election about 60 days later.

FEAR SURVIVAL

There was wide agreement among Commons members that the government could not survive a vote.

The crisis, brought to a head last week by a public U.S. State Department demand that Canada accept nuclear warheads, moved

Legion Of Merit For Col. Livesay

Lt. Gen. George W. Mundy, USAF, commander in chief, Alaska, congratulates Lt. Col. Robert G. Livesay, USAF (retired), formerly of Gettysburg, after presenting him with Legion of Merit during a ceremony conducted at Alaska Command Headquarters, Elmendorf AFB, Alaska, January 28. Col. Livesay earned the award for his outstanding performance of duty as Air Force liaison officer for the Alaska Wing of the Civil Air Patrol. Following his retirement on October 31, Col. Livesay was named deputy commander of the Alaska Wing.

MAY COMPLETE FRANKLIN TWP. SCHOOL JUNE 1

A June 1 completion date for the Franklin Twp. school building project is a possibility, Principal Hobart E. Benchoff told members of the township school board at their February meeting Monday evening at the Cashtown school.

Mr. Benchoff gave the board a report on progress being made on the addition to the school at Cashtown.

The board voted to delay final acceptance of the sewage treatment system at the school until some adjustments have been made by the contractor, Frank Black Jr., Carlisle.

The directors had a report from their school census enumerator, Mrs. Edgar Kimple, that her work is more than half completed. The board gave the Cashtown Lions Club permission to use the school building for auditions for the second annual Lions' talent show to be given next month at the South Mountain Fairgrounds.

Principal Benchoff told the directors there will be vacancies in the school staff next fall for a kindergarten teacher and a special education teacher.

The school nurse, Mrs. Ann Pickering, told the board that, as a result of medical examinations given 129 pupils at the school only 10 were found to have defects that required referrals to family physicians. She also reported on the dental examination program and said 87 are yet to be checked.

DRIVER FACES CHARGE

John Trent, 21, Fairfield, was charged by Maryland State Police with failure to grant right of way at an intersection following a collision Sunday at 4:15 p.m. at Kelbaugh Road and Route 81 north of Thurmont. Police said his car hit the auto of Herbert Wolf, 38, Lantz, Md. Damage was estimated at \$100 to Wolf's car and \$200 to Trent's.

Lincoln Sculptor On Sullivan Show

One of the feature attractions on the Ed Sullivan TV show Sunday evening will be Dr. Avarad Fairbanks, consultant in fine arts at the University of Utah, Salt Lake City.

Dr. Fairbanks is recognized as the finest sculptor of Lincoln statues and busts in the world. He has done more Lincoln pieces than any other sculptor and he is still in wide demand for other Lincoln statues.

He will do a Lincoln model on the Sunday night show.

Dr. Fairbanks has visited Gettysburg several times and is interested in doing an heroic size statue of Lincoln to be erected here.

The directors had a report from their school census enumerator, Mrs. Edgar Kimple, that her work is more than half completed. The board gave the Cashtown Lions Club permission to use the school building for auditions for the second annual Lions' talent show to be given next month at the South Mountain Fairgrounds.

TO EMPHASIZE AMERICANISM IN SCHOOL

An integrated program from Grades One through 12 in the Upper Adams public schools aimed at "emphasizing to the boys and girls the real privilege that is theirs of being Americans" was described to members of the school board at a Biglerville meeting Monday evening by Superintendent Donald B. Hudson.

Superintendent Hudson and his administrative assistant, Arthur M. Gordon, have prepared an outline for teachers which is intended to help them use every opportunity in regular classes to emphasize "American art, American industry, American science, American heroes and the American form of government."

"This is not a nationalistic flag waving stunt," Superintendent Hudson told The Gettysburg Times today, "but, we hope to make every pupil aware of the real privilege it is to be an American. There will not be a special course but teachers will have a library of facts on communism and Americanism with the idea that they can get information there to present the real picture on communism and Americanism as they teach regular courses."

Supt. Hudson described the plan as part of a followup to the address given Adams County schoolmen recently by Dr. Charles W. Lowry, Washington, D. C., on the need for telling Americans the facts on communism.

The superintendent also announced that Dr. Lowry, who is president of the Foundation for Religious Action in the Social and Civil Order, will be the Biglerville High School commencement speaker on Tuesday, June 4. His subject will be "What Every American Should Know."

George Scarpatte, Arendtsville, was sworn in as a new member of the Upper Adams school board to fill a vacancy created several months ago by the resignation of Russell Kane. The new director's term will expire this fall. He was assigned to the finance and taxation committee.

The board elected a teacher for an additional classroom of Sixth Graders expected this fall. Larry Kennedy, Benderville, was elected to the position at \$4,000 per year and will teach at Biglerville.

On recommendation of the Teacher Committee, the board accepted the resignation of Mrs. Kennedy.

Mrs. Stanley Hoffman, chairman of the committee on selecting homes, announced that five families have indicated their desire to adopt a foreign student next year. Final selection is made in the New York headquarters.

The names of four high school juniors, Demaree Deardorff, Gary Hartman, Nancy Kuhn and Kay Newman, have also been sent to the main office to pick the candidate who will represent Gettysburg abroad next summer. The winner will be announced later this month.

AFS further agreed to entertain a bus load of foreign students from July 11 to 13, the third consecutive year for this year.

TO ASK WIDER SUPPORT FOR AFS PROGRAM

The Gettysburg branch of the American Field Service voted at a meeting held in the high school building Monday night to ask the community to help underwrite the cost of the student exchange program by inviting members of service organizations to buy goodwill shares at 25 cents apiece.

Although students have raised all necessary funds in the past, national AFS headquarters in New York City have urged for some time that adult groups assume a share of the cost.

The amount required for bringing a foreign student here has risen to \$700 and for sending an American abroad in summer to \$650. Whether Gettysburg can accept two students as it did this year will depend on local support.

HAVE FIVE HOMES
A competitive drive held in the junior and senior high school home rooms last December yielded \$1,335 towards next year's exchange. Jacob M. Sheeds' room, No. 204, won first place by selling 436 shares.

OUTDOOR POOL AMONG TOPICS DISCUSSED AT COUNCIL MEET

Swimming pools, campaign Gettysburg, mosquitoes and borough recreation centers were discussed by borough council Monday evening at its session in the engine house.

The recreation board suggested that council consider construction of a 50 by 165-foot "olympic size" swimming pool on Recreation Field. Kenneth Dengler, chairman of the board, said the cost of such a pool would be \$100,000 and the cost of maintaining it, water, life guards, etc., would be \$12,000 a year.

Federal matching funds are available for half the cost of town swimming pools, Dengler said, but added, "Such construction has a priority lower than that of municipal building construction, but we have been talking about this for three or four years and I think we ought to see whether we can obtain the federal funds now that they are available."

MAY CHARGE FEE

Dengler said that their inquiry showed that if the federal funds are secured the town may charge a fee for use of the pool. "A swimming pool is badly needed in the community," he said.

Council President Glenn Guise said, "Last month we had Rev. Robert MacAskill here to talk for a group suggesting a municipal recreation building with an indoor swimming pool and other features."

Dengler said the recreation board is "not opposed" to a community building with indoor pool.

XAVIER CHURCH WILL RECEIVE \$90,658 FROM SMITH ESTATE

St. Francis Xavier Church here will receive more than \$90,000 from the estate of Katherine E. Smith, late of Gettysburg, according to the first and partial account of the executrix of the will, Catherine C. Cole, approved Monday by the Adams County court.

The amount lists \$93,393.41 for distribution at the present time. Included are \$1,000 to Paradise School at Abbotstown, \$1,000 to Sylvan Heights Home at Harrisburg and \$90,658.41 to the local Catholic church.

The will provides for a few bequests of a few hundred dollars each and some articles of furnishings to various individuals, the \$1,000 to Paradise school for boys and Sylvan Heights school for girls. The remainder of the estate is to go to St. Francis Xavier Church.

According to the partial account, the \$90,658.41 to the church does not include the real estate owned by the deceased. Disposition of that will be made later and another account made to the court at that time.

OTHER ACCOUNTS

Other accounts confirmed Monday included that of Oscar C. Rice Jr., executor of the will of Stella B. Rice, late of Biglerville, dis-

Slow-Moving Winter Storm Is Lashing Florida Coast

JACKSONVILLE, Fla. (AP)—A slow-moving winter storm lashed the Atlantic today. Twenty-foot waves and 50-mile winds endangered more than a half-dozen ships and hobbled attempts at rescue.

The storm also pushed heavy breakers onto valuable ocean-front property, battering resorts and swallowing yards of beach.

Coast Guard craft were trying to rescue ships from the tip of Florida to the Carolinas. Gale warnings flew most of the way but heavy seas gave the rescuers almost as much trouble as the rescued.

4-FOOT 'IDES

Tides ran two to four feet above normal along the Carolinas, Georgia and northeast Florida Monday with flooding and considerable erosion, the Weather Bureau said.

New Jaycee Unit To Elect March 4

State Vice President Barney Small, Hanover, was the speaker for the meeting of the Upper Adams Jaycees Monday evening in the Biglerville High School with President Daniel Walter presiding.

Small explained how the state Jaycee organization is divided into areas and regions and announced an area meeting for March 31 at Lewistown. He also gave a skit on parliamentary procedure. A skit on the same subject will be given by the "Mt. Misery Jaycees" from Hanover at the February 18 meeting of the Upper Adams group.

It was announced that election of officers will be held March 4 and this nominating committee was appointed: Sterling Kint, chairman; Frederick Oyler, Joseph Hutzler, Ivan Riggeal and Franchot Strickhouser.

TERMS TO EXPIRE

Terms of Mrs. Muriel L. Rice and Robert H. Deardorff of Gettysburg and Mrs. Eleanor P. Cunningham and Norman L. Plank of Freedom Twp. expire this year. On the Highland Twp. board the terms of Walter L. Hay and Col. Thomas H. Allen will expire.

Monday evening's meeting was close to a record for brevity. It convened promptly at 7:30 o'clock. Minutes of the last meeting were read and two months of treasurer's reports and the meeting adjourned at 7:45 p.m., just as one Freedom Twp. director arrived for the session.

The reports from the Adams County National Bank showed a balance January 23 of \$102,381 in the general fund. The reports for December and January showed \$16,762 paid in '62 taxes in December and \$783 from the real estate transfer tax. In that month \$35,000 was paid to the joint school district and \$50,522 in rentals. The transfer tax brought in only \$515 last month but \$4,360 was received from the state in transportation reimbursement.

President Robert Weaner presided at the meeting with eight of the 11 directors in attendance.

Superintendent Riegle told members of the Gettysburg Area board Monday evening that as soon as the information is available he will inform the board members.

12 CRIMINAL CASES LISTED FOR FEB. COURT

Twelve criminal cases are currently scheduled for the February term of court, starting Monday, according to action taken by the grand jury and defendants at Monday's session of court.

Some of the 12 cases, however, are only tentatively on the schedule depending on ability to get the defendants here from other jurisdictions. One of the cases is the involuntary manslaughter charge against Ronald Francis Winarski, Nanticoke, who presently is in jail in Wilkes-Barre and scheduled for trial on charges there this month.

The grand jury returned with seven indictments at the conclusion of its session Monday afternoon. It had handed up seven other indictments at noon time Monday.

SEVEN TRUE BILLS

True bills were handed up by the jury in the afternoon against Charles Edward Lockner, alias Robert C. Sheaffer, 34, of Calhoun, Ga., Baltimore and Berkeley Springs, W. Va., and Charles A. Harlow, 19, Aspers R. 1, both charged with conspiracy, furnishing implements to a prisoner, aiding a prisoner to plan escape and delivery of articles to a prisoner without knowledge of the prison officials. Later in the afternoon Harlow signed pleas of guilty to the charges alleging he climbed the Adams County jail fence to give two hacksaws to Lockner. Lockner, the court was told, pleads innocent to the charges.

Other true bills returned in the afternoon included the following: John Dennis Baadie, Gettysburg R. 4, failure to support a child; Jack Warner, McSherrystown; David Miner, Abbotstown; Donald John Briggs Jr., Fairfield; Kenneth F. Wagaman, Hanover, and William Smith Jr., New Oxford, all of whom were indicted on morals charges.

TAWNEY PLEADS

The court refused to allow Charles R. Fowler, Gettysburg, and Archie E. Monn, Fayetteville R. 2, to withdraw pleas of guilty on charges of contributing to the delinquency of minors, corrupting the morals of minors and an additional morals charge against Monn. Monn told the court that he had married the girl involved in the charges against him. He also held he had not pleaded guilty to the morals charge but had "just signed guilty" to the other two charges against him. Before the court was pleas signed to all three charges. When the court refused to permit Monn to withdraw his pleas, Attorney Oyer said he would file a petition with the court to permit a hearing on why the withdrawal should not be permitted. Fowler then said he wanted to withdraw his plea also "because I don't want to get stuck with everything." His request was also denied.

James E. Tawney, W. Middle St., signed a plea of nolo contendere to a charge of bookmaking.

SIGNS GUILTY PLEAS

Donald Eugene Payne, Hanover, signed a plea of guilty to a charge of burglary and larceny involving thefts at the Scottee laundromat and the Gettysburg Shopping Center laundromat. He also signed a plea to a charge of burglary and larceny of a laundromat in Littlestown.

District Atty. Daniel E. Teeter said two other youths involved with Payne in the Littlestown burglary had notified him they plan to sign pleas of guilty to that charge and to another burglary charge against those two alone. They are Gary Ernest Becker, Abbotstown R. 1, and Donald Leigh Charles, Spring Grove R. 2. The two are currently working in New Jersey.

Leo Gordon Wills, Greenstone, through an attorney, waived presentment of indictment in the charges of pointing and discharging a deadly weapon and aggravated assault and battery against him and will stand trial.

OTHER PLEAS
Samuel D. Laughman, Hanover R. 5, before the court on a morals charge, told the court he and the girl involved married. Their child is not yet born.

Kenneth U. Appler, Gettysburg R. 5, has entered a plea of guilty to a charge of hit and run, the district attorney told the court.
An attorney for Dallas E. Danfelt, Mapleton Depot R. 1, reported his client will enter a plea of guilty. William Robert Warner, York, entered a plea of guilty to a burglary and larceny charge.
Herbert Raab, Gettysburg R. D., appeared as court crier Monday in place of William J. Yingling, who is ill. Pay for the tipstiffs went up from \$7 to \$9 a day, retroactive to January 1.

A program for the year was set up and will be presented for the approval of the council at the February meeting. All members of the board were present.

Commends Work At Veterans' Hospital

Dr. Joseph H. Riley, who is a patient at the U.S. Veterans Hospital, Lebanon, Pa., writes, "This is a wonderful hospital for our servicemen. I have been here only a few days but I can tell you that this hospital and staff really look after these men and I can see why they have received high recognition awards for outstanding service to the servicemen who have faithfully served their country. We should feel very proud of our hospital here."

"I was glad to meet William Mellors, our former Gettysburg policeman, who lives at 256 E. Middle St., who is a patient in Room 218, Ward 2A, Building No. 1. Robert Bowers from Littlestown is here and Dave Keating, Abbotstown, and Gerald Sterner from Hanover; so you can just see that our friends are everywhere. Dave is being discharged today."

"It is wonderful to get all the news in our Gettysburg Times because it's full of news, both local and current world—so with all this one should never feel very far from Gettysburg. I don't know how long I shall be here but send best wishes to The Times and all my friends."

Five Whites Slain By An African Mob

JOHANNESBURG, South Africa (AP)—Five South African whites were slain by an African mob at Bashee Bridge in the Transkei Territory early today, the South African Press Association reported.

A sixth white escaped and raised the alarm in the town of Engcobo, 22 miles from Bashee Bridge.

It was the most serious racial violence in white-ruled South Africa since last Nov. 22 when a mob of 200 Africans attacked the Cape Province wine town of Paarl, hacked two young whites to death and injured several others. At least eight Africans were killed.

Strauss gave this view in an interview, made public Monday, with Rep. Craig Hosmer, R-Calif., chairman of a House Republican committee on test ban proposals.

PROMOTION PLANS

Other Auxiliary officers are: Mrs. Earl Strite, Harrisburg, vice president; Mrs. Samuel Stewart, Carlisle, secretary; Mrs. Harry Harvie, Chambersburg, treasurer and Ms. Wadsworth Whittier, Shermansdale, corresponding secretary.

Ralph Sandoe, Biglerville, was one of the panelists this morning to discuss the production of strawberries.

John Mengel, Leesport, chairman of the research and marketing committee, announced that John Linde, Trexler Orchards, has been appointed chairman of a committee to support National Apple Institute with voluntary contributions from Pennsylvania growers. Mengel said the committee was appointed after numerous growers indicated their disappointment over the defeat of last year's apple marketing act to provide promotional funds for the state apple industry.

PEACH PROMOTION FALTERS

Mengel also reported that 12 peach growers from Adams County were among 79 in the state to support the National Peach Council but said that unless more state growers voluntarily contribute to the activities of the Peach Council, the program will be discontinued. He strongly advised the continuance of the Peach Queen activities supervised by Mrs. Griest.

Frank Matson, Martinsburg, W. Va., exporter, said he believes the Common Market "will solve the economic and political problems of Europe," and is bringing prosperity to Western Europe. He said Finland has shown the greatest interest in apples imported from the United States.

BABY FAILS TO SURVIVE FROM SLAIN MOTHER

WASHINGTON (AP) — A baby boy died Monday night about 5½ hours after doctors had delivered him from the body of his mother, shot to death 20 minutes before.

The premature 4½-pound infant was kept alive by mouth to mouth resuscitation at Casualty Hospital, but he died after being transferred to District of Columbia General Hospital.

Charged with murder in the shooting of Mrs. Robert Truesdale Jr., was her estranged husband, Police said Tuesday, 24, ran into a precinct station four blocks from her home and told officers, "I shot my wife, here's the gun."

"SIGNS OF LIFE"

Fire department Pvt. Anthony P. Proci who accompanied the ambulance to the scene noted that Mrs. Truesdale was pregnant and detected sign of life in the unborn baby. The dead woman was rushed to the hospital where a team of surgeons headed by Dr. Henry H. Canton performed a caesarian section to deliver the infant.

Truesdale was arraigned on a first-degree murder charge. The couple had one other child.

TELLS OF HIS WORK IN JAPAN

The Rev. Fr. William Weitzel, son of Mr. and Mrs. Clarence Weitzel, Seminary Ave., who is serving the Episcopal Church of Japan and is on leave in this country until March, celebrated Holy Communion at the 11 o'clock service at the Prince of Peace Episcopal Church Sunday morning.

He is a "son" of the parish, having attended service and worked in the church during the four years he was a student at Mt. St. Mary's College. He spoke briefly of his work in Japan.

Rev. Fr. Weitzel said "in 1859, Channing Moore Withers, an Episcopalian priest, went to Japan as the first Protestant missionary and later Admiral Perry opened up Japan. Japan's population now is 100 million with less than one million Christians. The Roman Catholics have the largest following, with the United Church second, and Episcopal in third place. The Episcopal Church has 10 dioceses under 280 native Japanese bishops and clergy, assisted by 35 foreign clergy, from the United States. The Episcopal Church has baptized and confirmed 22,000 and many are under instructions."

Rev. Fr. Weitzel went to Japan eight years ago and studied in a language school for two years. After serving a parish for two years he was named chaplain of North Kanto Student Center in Tokyo where young Japanese go for Christian instruction and discussion. Mrs. Weitzel and their two sons accompanied Fr. Weitzel here.

Start To Enroll For Fall Classes

The Fairfield Joint School System is preparing enrollment lists for kindergarten and first grade for the 1963-64 school year, according to Harold R. Blair, supervising principal.

Any child who will be five years of age before February 1, 1964, is eligible for the kindergarten and any who will be six years of age before the same date is eligible for First Grade.

Anyone in the Fairfield area interested in enrolling children should notify the school by telephone or in writing before Friday, February 15, giving the child's name, date of birth, name of parents, and address.

COUNCIL SAYS

(Continued From Page 1)

signed by Orville B. Orner, president of the commission, returning "the first preliminary drawings for renovation, alterations and additions to the municipal building given to this commission for review by Mr. Hartzell's committee."

URGE REVISIONS

The letter urged further revision of the drawings "to reflect and provide for the needs of the general community for such facilities as vari-sized meeting rooms and dining and food preparation areas for sizable groups. It seems inconsistent with the best interests of this community to assign exclusive use of large portions of this building to organizations whose actual use of these areas will be cursory and quite infrequent."

The letter added that the commission stands ready to give consideration "to the approval or disapproval of final preliminary drawings when such drawings are formally submitted to it by borough council for this specific purpose" and added, "As a necessary factor in the consideration of final preliminary drawings, the commission will need to have from council its factual study of the relative merits, including costs, of altering the present building or constructing a new and relocated building designed to the specific needs of the community."

The plans given to the planning commission did not call for completion of a second floor on the proposed addition. Councilmen expressed the belief that the plans as presented to council Monday night for full two-story construction will meet the objection of the planning committee by providing a number of different sized meeting rooms.

ONE BUILDING ENOUGH

One of the councilmen noted that the present fire house has a sale value of \$32,000 and asked whether "we plan to sink \$200,000 in this?"

Councilman John Thrush said: "We had previously considered constructing this building on borough land at the end of E. Middle St., and also considered the Epley estate building and other locations in the town. The firemen prefer this location. They say the others are inaccessible. There hardly seems a need for a duplication of buildings. One building, a fire hall and municipal building combined, should suffice."

DEBATE WALL FINISH

Hartzell asked council to decide whether the new construction should have walls built of concrete block with brick facing or whether the walls should be entirely of concrete block. There was some discussion of relative costs, with agreement that block construction will be cheaper than block with brick casing. One estimate was that the brick casing would cost "\$4,000-\$5,000 more than using block."

No final decision was made by council concerning the question, with the matter returned to the committee with suggestion that, in obtaining estimates of cost, estimates be secured both ways before final decision is made.

seats and appeared to have a good chance of getting the 99 Liberal votes. An informal poll of the third opposition party, the New Democrats with 19 seats, indicated they would join the antigovernment ranks.

MINORITY RULES

The Conservatives, with 115 seats, have been exercising minority rule since the elections last June but have managed to stay in power with Social Credit support.

On the nuclear issue, Diefenbaker has maintained that the U.S.-British Polaris agreement at Nassau has cast doubt on the wisdom of a Canadian nuclear role. He also said greater emphasis must be placed on nonnuclear weapons.

Earlier debate in Commons on the issue brought a statement from the State Department last Wednesday that nuclear weapons are necessary to the U.S.-Canadian defense of North America and that during recent secret negotiations Canada had been dragging its heels on the question.

In Canada, Conservatives as well as the opposition sought to draw political advantage from what Diefenbaker labeled "unwarranted intrusion" into Canadian affairs.

Secretary of State Dean Rusk later expressed regret if the wording of the statement offended Canadians. He repeated to the Senate Canadian Affairs subcommittee Monday that no offense was meant.

Subzero cold was reported only in northern Maine, with temperatures mostly in the teens in other parts of New England, in parts of New York State and from North Dakota eastward to the Lake Superior region. Snow flurries fell in parts of the cold belt.

ROTC Officer Is Kiwanis Speaker

Capt. Millard Valerius of the Army ROTC at Gettysburg College was the guest speaker Monday evening at the meeting of Kiwanis at the Lamp Post Tea Room. He was introduced by Capt. Charles H. Auer.

Capt. Valerius is a graduate of the University of Illinois, and used as his topic "Your Army." He outlined tactics of guerrilla warfare and training needed to qualify for this branch of the service. He added that these men receive special training as medics, demolitionists and in the field of communication.

A painting will be presented to the Youth Center by the club from Kiwanis Ernest Krape. The club will mark its eighth anniversary March 11th at the United Church of Christ. Next week's meeting will be in observance of Boy Scout Week.

Charles W. Pentz, president, presided at the meeting.

are installed, the cost to the borough will be \$6,782.13 per year.

Councilman Jones said his committee was "unanimous in the thought that something should be done, particularly with the 1963 centennial coming on. We feel we need new lights, but we hope to hear the opinions of council before making a recommendation that will involve a \$3,843 a year increase. The committee feels it is a lot of money, but something should be done to beautify the town. And it will comply with the resolution just read (a resolution urging the committee to conform with the architectural and aesthetic standards and plans of Campaign Gettysburg)."

TO SEEK PUBLIC'S VIEWS

Councilman John Thrush asked if the decision might be delayed a month to determine the opinion of the merchants and people of the town on the matter. Councilman Jones said he felt it "could be put off 30 days but I doubt if we could have the change made in time for this summer if we delay decision until next month."

Council voted to delay decision until next month to permit a determination of public opinion, with Councilman Jones urging "do all you can to encourage the public to speak up."

Guise directed the health committee to attend a meeting of the committee headed by Rev. MacAskill Thursday evening at 8 o'clock at the YWCA, which also will be attended by representatives of the Recreation Board to "see if we can get these various proposals tied together."

The state Department of Health will send its top entomologist to assist the borough settle its mosquito problem, Councilman Rebecca Schwenk and Borough Engineer LeRoy H. Wienbrenner reported. The entomologist and other health officials will meet in the near future with Wienbrenner to study plans of the town to control mosquitoes next summer.

Councilman John Thrush reported progress in the codification of the town's ordinances.

NAME DR. WICKERHAM

The Planning Commission recommended the reappointment of Robert M. Smith whose term has expired. The Recreation Board notified council that E. Donald Scott had resigned as a board member and suggested that Barton Hoppe, manager of the Howard Johnson Restaurant and active in the Junior Chamber of Commerce, be named to fill the vacancy. Council also had before it from last month the request of the Gettysburg School Authority that Dr. Ralph D. Wickerham be appointed a member of that board.

After much discussion council decided that it will consider the same night any reappointment to a board, but would hold for a month any new appointment to any board. Council then appointed Wickerham and reappointed Smith. It postponed for a month action on the Recreation Board appointment.

Representatives of the United Telephone Company asked council what it should do about water pumped out of the basement of its building at the corner of W. Middle and West Sts. Council had sent a letter to the company giving it five days to cease dumping the water into the two streets. The water is from springs and is pumped by a sump pump to the two streets. The Telephone Company said it had originally wanted to put the water into the town's sewer but was informed that it could not, but instead had to discharge it into the street. Council decided to permit the company to pump the water into the sewer.

Mayor William G. Weaver reported that "one lady suffered a fractured skull and a man was injured in a fall at a street crossing."

He urged the town to place sand on the ice at the crossings "and perhaps delay a little clearing away snow if it is necessary to get the sand where it is needed to prevent people from slipping."

Raymond Thompson, the town's new recreation director, was introduced.

Blue And Gray Highway

HARRISBURG (AP) — U.S. 15 would be designated the "Blue and Gray Highway" in Pennsylvania under a bill introduced Monday night in the House.

Sponsors of the bill H145 were Republican Reps. Harry D. Ridinger, Adams; Robert S. Ogilvie, Dauphin; Karl H. Purnell, Union, and Warren H. Spencer, Tioga. It was sent to committee for study.

Jeanne Walsh as an elementary teacher at Arendtsville. The resignation will be effective at the end of the school year.

The board directed that bids be secured on the cost of replacing roofs in three areas of the old Junior High School building. The business manager was directed to get bids on a new bus to replace one of the three currently owned by the school district. The bus to be replaced was bought in 1947. The purchase of a printing calculator at \$355 also was authorized.

\$49,000 IN BILLS

The board received the treasurer's report and ordered bills totaling \$49,000 paid.

Permission was granted to the Adams County Medical Society to use a room at the high school for administering oral polio vaccine three Sundays next month. Other centers will be set up in Gettysburg, Fairfield and Littlestown on the same days.

The monthly cafeteria report showed the cafeterias operated 19 days last month and served an average of 1,240 persons. Cafeteria income amounted to \$7,758 and expenses to \$9,033 while \$1,159 was received in federal reimbursement.

GET HEALTH REPORT

On recommendation of the Finance Committee, exonerations for 1962 taxes were granted for duplications, errors, removals and deaths. The Arendtsville total was \$631.47 and that for Biglerville \$737.50.

Donald Ernst was authorized to attend a safety conference for driver education teachers in April in Irwin, Pa.

The school nurses' report showed 29 cases of mumps, 29 cases of chicken pox, 20 cases of sore throat, 30 cases of upset stomach and 11 of virus. There were 213 treated for first aid.

PLAN C-D COURSE

A Civil Defense individual and community safety course has been set up for Biglerville High seniors, the board was told.

Four teachers will be sent to a library workshop for elementary grades at Shippensburg February 19. Plans are being made for a heavier budget for elementary library books next year as the district seeks to comply with state standards for libraries in grade schools.

The board also discussed sending representatives to a state school boards' institute at State College March 19 and 20. "Society in Flux" will be the topic for the two-day meeting.

Graveside Services For Infant Today

Graveside services were held at 10 o'clock this morning in St. Joseph's Catholic Cemetery, Bonneville, with the Rev. Fr. Louis Forgeng officiating, for Alex Anthony Orndorff, two-day-old son of Mr. and Mrs. Francis Orndorff, Bonneville. The child died Monday at the Warner Hospital.

Surviving are his parents, Francis and Charlene (Long) Orndorff, Bonneville; two sisters, Janice and Charlene, and a brother, Bruce, at home; the paternal grandparents, Mr. and Mrs. Lawrence Orndorff Sr., Bonneville; the maternal grandfather, Charles A. Long, McSherrytown, and the paternal great-grandfather, A. J. Hawn, Hanover.

The funeral arrangements were made through the Walter Funeral Home, McSherrytown.

WITH PATROL SQUADRON

Erwin D. Hess, aviation structural mechanic third class, USN, son of Mr. and Mrs. E. Glenn Hess, 3 West St., is serving with Patrol Squadron Nine, which was part of the combined force of 20 ships engaged in Exercise Saddle Blanket early in February off the coast of Southern California. The five-day exercise dealt mainly with antisubmarine warfare training. The operation centered around a fast carrier striking force, with its wide range of detection and strike capabilities.

Weddings

Adams—Deardorff

Miss Margaret Jane Deardorff, daughter of Mr. and Mrs. James R. Deardorff, East Berlin R. 1, and John Milton Adams, son of Mr. and Mrs. Arthur E. Adams, Dillsburg R. 1, were married January 26, it was announced today.

The double-ring ceremony was conducted at the home of Rev. and Mrs. J. H. Hege, Dover, by Rev. Hege, a retired Lutheran minister.

Mrs. Russell D. Coover, Dillsburg R. 3, sister of the bride, was matron of honor. Best man was Russell D. Coover, the bride's brother-in-law.

Mr. and Mrs. Adams are residing at East Berlin R. 1. The bride, a 1961 graduate of Dover Area High School, is employed at Gettysburg Shoe Company, East Berlin. Her husband, a 1958 graduate of York Springs High School is employed at C. H. Musselman Division at Gardners, Pa.

Fetters—Albright

Miss Suzanne Belle Albright, daughter of Mr. and Mrs. E. K. Albright, Biglerville R. 2, and Kenneth Leroy Fetters, son of Mr. and Mrs. Donald L. Fetters, Gardners R. 2, were united in marriage Sunday afternoon at 4 o'clock in Zion United Church of Christ, Arendtsville, by the Rev. Fred A. Trimble, pastor, who performed the double-ring ceremony.

The bride, given in marriage by her father, wore a lotus pink suit trimmed with white fox and a corsage of white carnations and pink sweetheart roses. She carried a Bible.

She was attended by her cousin, Mrs. Roy Williams, Gettysburg, who wore a blue wool suit and a corsage of white carnations and yellow sweetheart roses. Gene McCrae Albright, brother of the bride, served as best man.

Following the ceremony a wedding supper was held at the Lamp Post Tea Room.

The bride and groom are graduates of Biglerville High School in the class of 1961. The groom is a student at Gettysburg College.

Littlestown Auto In Hanover Crash

Three automobiles were involved in a collision Saturday at 8:30 in Hanover, Penn Township police reported.

Police said a station wagon driven by Allan M. Eby, 56, Littlestown R. 2, following a milk truck, attempted to pass the truck when it stopped and was in collision with a car driven by Richard J. Rosensteel, 18, Hanover, traveling east on Frederick Street.

Police said the impact sent the Rosensteel auto into a parked car owned by Raymond L. Wolf, Hanover.

Damage to the Eby car was estimated at \$100, to the Rosensteel auto at \$200 and to the Wolf vehicle at \$150, police said.

FIFTY YEARS AGO

Want To Wear Gray Uniforms:

Unless the Confederate veterans are allowed to wear their gray uniforms at the fiftieth anniversary celebration of the great battle the large majority of them will refuse to attend. This was the startling announcement made Thursday night at an informal meeting held in the Union League, Philadelphia, to discuss the big celebration. Governor Tener, the commission appointed by him and representatives from a score of states met in executive session earlier in the day to formulate final plans for the encampment. No official action was taken on any matter as it was explained the meetings were held merely to outline work that was to be taken up. General Felix H. Robertson of Texas, and a member of the United Confederate Veterans, started his hearers by announcing that unless the Confederates are permitted to wear their tattered uniforms they will refuse to attend the encampment. He declared that the veterans who fought for the South are proud of their uniforms in which they struggled and some of them insist upon wearing them every day of the year. The speaker declared that if the veterans of the Union Army are permitted to appear on the battlefield next summer in their uniforms of blue, the same courtesy should be extended to all the veterans.

Used A Drag: Just now when every man who has to use the country roads is complaining of their condition the news comes that William L. Scott of Liberty township has used a home-made drag with telling effect on the highways about his farm. The mud has been effectively removed and the road made smooth and good for driving. Throughout the county the complaint of bad roads is general and farmers are doing as little driving as they possibly can.

New Oxford's Theatre: The new Plymire playhouse in New Oxford has been opened. The building adds materially to the appearance of that section of the town, while the interior is furnished throughout with up to date seating and fixtures and lighted with electricity generated in an adjoining building. As a traveling man who has been about some remarked "it would compare very favorably with the large city picture show houses and is not surpassed by any in Adams or York counties." The auditorium seats about 250 persons.

Carlisle is much excited about the charges of professionalism against James Thorpe, the Indian athlete. The town has followed closely his successes and last year tendered a rousing reception to him upon his return from Stockholm.

Has Not Signed: Says The Philadelphia Press: "Two veteran pitchers of the Mack corps — Charles Albert Bender and Edward Plank — are the only players belonging to the Athletics who have failed to affix their signatures to contracts for the 1913 season. Bender is in Atlanta, Ga., and will undoubtedly sign his contract when he returns. Plank is on his Gettysburg farm and it might be that he has not gone to town recently and the ink well is dry. Plank hinted that he might retire after the 1912 season. However, he dislikes letter writing almost as much as he does life in a large city. So Mack is confident that the contract of his star southpaw will arrive before February 24, when the Athletics start for San Antonio. Plank finished second among the American League pitchers last season, with twenty-six games won and six lost. It is hardly likely that he would quit after making such a grand record."

Today's Talk

The man who stands still soon grows blind and all his valuable forces wither and die.

All progress is the result of alertness, toil and faith. As Lowell so aptly wrote: "New occasions teach new duties, time makes ancient good uncouth." Everything is change. The world is never the same at any two times. Our minds and our bodies change every moment. We never face a new day the same. We are newer or older beings each moment.

"A little while," wrote Marcus Aurelius, "and nature, which disposes all things, will change all that you see, and of their substance make new things, and others again of theirs, that the world may be ever fresh."

A cheerful and happy disposition, and a sane and patient outlook upon life, discards time and age, and sprinkles the years with the dust of youth.

I recall meeting an old friend one day. I had not seen him for years. His hair was a little grayer and there were lines upon his face that showed struggle and triumph, but the same boyish spirit was there. The same hopeful viewpoint and the same eternal fighting heart glowed as of years gone by. Change and change — but to such a glorious end!

There are vacant chairs about the family table. The touch of the vanished hand comes to us again and again. Memories, like silver mist, oftentimes enshroud us. Voices, in the silent night, whisper to us, and in dreams, we join the loved and lost.

To all of us may come the privilege of building for eternity, however. With all the changes in nature nothing is ever wasted. Change and more change — but out of it all comes beauty — a greater beauty, and a higher urge.

Charity for mistakes is a great achievement. Tolerance is born of understanding. We change as things change us.

SIMILARITY OF HUSBANDS

Says Mother to the neighbor:
"Does your husband slam the doors?"

Does he shake the walls and ceiling of his bedroom when he snores?

Does he clear his throat or mornings like some fish-devouring seal?

"So does mine," says gentle mother, "fill in rage I want to squeal!"

"When he awakens in the morning does he start to sing a song?"

Does he fancy when he's waked that for you to sleep is wrong?

Does he gurgle, does he gurgle in a most offensive way?"

"So does mine," says lovely mother, "spite of everything I say."

"Does your husband bang and rattle all the time about the place?"

Does he shout what he should whisper, or is mine a curious case?"

"Yes," the neighbor says to mother, "that's my husband to a T!"

"Which is proof past disputation all alike the men must be."

ing a day of fervid oratory, during which the South joined the North in paying tribute to the memory of Abraham Lincoln, the House, on Wednesday approved the erection of a Greek temple on the banks of the Potomac River at Washington as a monument to the war president. The memorial will cost \$2,000,000. One test vote was taken on the Lincoln memorial project and that stood 153 to 31 in favor of the Greek temple plan. The advocates of a Washington-Gettysburg highway, passing through Maryland, which was proposed by the good roads forces in the House, were completely routed. The highway advocates then gave up the fight and the Lincoln Memorial bill as adopted by the Senate and approved by the Lincoln Memorial Commission was adopted without a recorded vote. A storm of applause greeted the result, in which Southern Congressmen joined with their Northern friends across the aisle.

The Cyclorama: After a lapse of several months operations will be resumed this week on the battle picture building on Baltimore street. The contracts for its erection have been filed in the office of the register and recorder and the building proper is to be finished April 1st.

The revival in the Methodist Church still continues. Nine have professed conversion and there is one seeker. The subject of the sermon tonight is "The Aftermath of Sin-Stains on the Life." A welcome is extended to all who

SCHOOL MARKS
DENTAL WEEK

The pupils of St. Aloysius Parochial School presented a program in honor of Child Dental Health Week on Monday in charge of the school nurse, Mrs. Catherine H. Graft. The First and Second Grade children, taught by Sister Mary Alfreda, sang "This Is the Way We Brush Our Teeth, East Our Oatmeal, Drink Our Milk, Eat Our Apple." The pupils of the Third and Fourth Grades, taught by Sister Mary Cosmos, displayed posters which they had made in observance of Dental Health Week. Compositions concerning the observance were written by the Fifth and Sixth Grades, taught by Sister Mary Clotilde. Two original skits and six original poems were given by Seventh and Eighth Grade boys and girls taught by Sister Mary Isadore. The original writings will be forwarded to the Department of Health, Division of Dental Health.

Following the Sunday Masses in St. Aloysius Catholic Church the Rev. Dr. John E. Metz, pastor, baptized Christopher Gaylord Trone, infant son of Harold and Marianne (Catalino) Trone, M. St. The baptismal sponsors were the child's maternal cousins, Peter Ciccielli, New York, and Miss Diane Ciccielli, Baltimore. The child was born December 30, 1962, in the Warner Hospital, Gettysburg.

ASKS SENATE
FOR ACTION ON
NOVEMBER 19

Senator Kenneth B. Keating of New York, has submitted a joint resolution to the U.S. Senate asking that November 19, the anniversary of Lincoln's Gettysburg Address, be designated as "Dedication Day."

Four years ago Senator Keating introduced a similar bill proclaiming November 19 as Dedication Day. The bill passed but it was found, too late to change it, that the bill provided for the designation of the day for that year only.

The Lincoln Fellowship of Pennsylvania since then has asked Senator Keating and others concerning the possibility of a bill permanently designating the anniversary of Lincoln's Gettysburg Address.

READ IN SENATE

Saturday Senator Keating forwarded to the directors of the Lincoln Fellowship copies of Senate Joint Resolution No. 22.

The resolution was read twice before the Senate on January 22 (legislative day January 15) and referred to the Committee on the Judiciary.

The "Joint Resolution designating November 19, the anniversary of Lincoln's Gettysburg Address, as Dedication Day" states: "Whereas the Gettysburg Address of President Abraham Lincoln is an outstanding classic and will touch the hearts of men and inspire them with faith in our matchless Republic as long as time endures; and

URGED BY LINCOLN

"Whereas in that address Mr. Lincoln adjured his fellow countrymen to dedicate themselves to the principles of democracy in order that government 'of the people, by the people, and for the people shall not perish from the earth'; Therefore be it

"Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, that November 19, the anniversary of the delivery of the Gettysburg Address, be and hereby is designated in our calendar of special days as Dedication Day.

"That the President of the United States is requested to proclaim November 19 as Dedication Day and to suggest that the address be read on that day in schools and public assemblies throughout the United States and its possessions, on our ships at sea and wherever the American flag flies."

PHILADELPHIA (AP) — The Budd Co., a maker of auto bodies and railroad and transit cars, reports profits last year were \$3,692,000 or equal to \$1.19 a share.

Releasing the report Monday, President Edward G. Budd Jr., predicted a continuation of the profit level as a result of the firm's broad participation in the manufacture of 1963 model cars.

A Lovelier
You

By MARY SUE MILLER
SPRING REDUCING SERIES.
If a slimmer waistline is on your self-improvement program,

there is no surer and quicker way to achieve it than with this routine:

1. Standing facing an open door and grip the top of it. Then, by bending your knees, gradually stretch your body downward until your waistline is pulled taut. Hold, relax and repeat 10 times. (If your reach is short, stand on a low footstool.)

2. Sit on the edge of a chair, with your legs stretched out to sides and your heels resting on the floor. Raise your arms high overhead; pull the stomach in and keep it so. Now bend forward and try to touch your fingertips to your toes. Return to starting position, aiming for a good stretch in the waist. Ten times, briskly.

3. Kneel on the floor arms at sides. Bending from side to side in the waist, try to touch your fingertips to the floor. You will not be able to do it, but the try is what counts. Repeat 10 times in slow motion; then 10 times with great speed.

You need perform this routine only once to know it works. You actually can feel how it squeezes away flesh, tightens muscles and draws the waist into a slim column. Work out daily and the effects become apparent to the eye in a remarkably short time.

TOUGH BOSTON
GUNMEN FACE
MURDER COUNT

BOSTON (AP)—Two tough Boston gunmen Monday were charged with murder in what police described as a love-triangle gunshot slaying of a young married woman and her 2-year-old son.

They are Rocco Balliro, 28, an escaped convict, and Albert Ciocco, 33, who also has a long police record.

A third man, identified as Balliro's brother, Salvatore, is still at large and the object of a wide manhunt in connection with the slayings.

Killed during a gun battle between three gunmen and three policemen at 2 a.m. Saturday were Toby Zimmerman Wagner, 21, and her son, Mark.

ROMANCE ISSUE

Scene of the shooting was a Roxbury apartment in which police were staked out after Balliro allegedly telephoned Mrs. Wagner that he was enroute there.

Police said a romance between Rocco Balliro and Mrs. Wagner while her husband was in prison turned into jealousy when the husband was released from Concord Reformatory last Friday.

The husband, Bernard Wagner, 23, told police Rocco Balliro had warned him Friday night to stay away from his own wife. Wagner said he refused despite two wild shots fired at him by Balliro on a Dorchester street.

Police said Mrs. Wagner had decided to leave Balliro for her husband.

BALLIRO SURRENDERS

Ciocco was caught shortly after the slayings when the getaway car was involved in an accident in the Back Bay. Rocco Balliro surrendered quietly with his attorney in nearby Everett 14 hours later.

Rocco Balliro had been the object of a police search since he saved his way out of the Bristol County House of Correction, New Bedford, Jan. 10.

East Pennsboro Opposes Warriors Here Tonight; Bolts Host New Oxford

Gettysburg High School opens its two-game home stand tonight when it meets East Pennsboro in a Blue Mountain League game. Shippensburg comes here Friday for another league encounter.

The Warriors are currently in a tie for first place in the second half race with Shippensburg and Camp Hill, all with 3-0 marks. Coach Merrill Eckhart's squad has an overall record of 11-2 and during first-half play won over East Pennsboro 66-42 on the Panthers' floor.

They have a five-game winning streak at present but cannot afford to take the improving Panthers lightly.

At 6:45 Coach Earl Little's junior varsity, 10-2, also goes after its sixth straight win.

CANNERS AT HOME

Biglerville, 2-1 in the second half, faces a tough foe at Biglerville when it clashes with the Shippensburg Greyhounds. The Hounds are confident of making a strong bid for second half honors and have swept past three straight opponents convincingly.

Other Blue Mountain games tonight include Camp Hill at Newport, Big Spring at Boiling Springs and Susquehanna at Northern.

Top game in the Adams-Franklin League this evening will be at Littlestown where the Thunderbolts entertain New Oxford. Littlestown is in second place in the Eastern Division, four games back of the leading Colonials, and must win if it is to retain its slight hopes of gaining divisional honors.

Completing the A-F program tonight will be the following games: Quincy at Fairfield, Bermudian at Greencastle, Scotland at St. Thomas and Buchanan at Fannett-Metal.

JUNIOR HIGH AWAY

Gettysburg Junior High will attempt to repeat an earlier victory when it clashes with Waynesboro East on the latter's floor tonight. Don Bickel's Braves are 5-1 with a string of five straight victories. The junior varsity holds an identical record.

Delone Catholic, which has lost five of its last seven games for an 8-7 record, travels to Carlisle this evening for an engagement with the Thundering Herd. Carlisle is now 11-5, one of its losses being a 42-36 setback by the Squires at McSherrystown last month.

WIRY FINN IS SHOOTING FOR 17-FT. VAULT

By BOB GREEN

Associated Press Sports Writer

A fantastic 17-foot pole vault suddenly has become a possibility and may be achieved in the near future, perhaps this month.

Pentti Nikula, a wiry Finn who soared a startling 16 feet 8 3/4 inches over the weekend, hopes to make the 17-foot flight in the U.S. National AAU championships in New York's Madison Square Garden Feb. 23.

There he will compete against about a half dozen other athletes who have bettered the once seemingly unconquerable 16-foot barrier.

IN TOP SHAPE

Among them is Dave Tork, Charleston, W.Va., who cleared 16-2 1/2 in Toronto less than two weeks ago, vowed that 17 feet could be done and said he thought he was the man to do it.

Nikula, who holds the listed world record at 16-2 1/2 is gunning for 17 feet.

"It came as no surprise to me," the vaulting wizard said after his 16-8 3/4 leap Saturday in an indoor meet Pajalahti, Finland, an obscure resort village.

"I am in top shape and will shoot for 17 feet next time."

NOT WORLD RECORD

The performance came as a warm-up for Pentti who plans to leave Feb. 20 for several U.S. meets, with the AAU championship No. 1.

His vault was 5 1/2 inches higher than any other man has ever vaulted, but will not be submitted for a world record since it was accomplished indoors. Indoor performances are not recognized as official records by the International Track and Field Federation.

On the same night, Rolando Cruz, a Puerto Rican-born vaulter competing for Villanova, became the eighth man to go over 16 feet when he cleared 16 feet 1/4 inch in the Philadelphia Inquirer Games.

Like Nikula, Tork and the other 16-foot vaulters, he used a fiber glass pole to flip over the once untold height. The 16-foot vault-first accomplished by German-born U.S. Marine John Uelses a year ago now is becoming almost common place.

The best previous mark was 16-3 3/4 by Yang, in an indoor meet the week before.

Two More Phillies Sign For Season

PHILADELPHIA (AP) — The Philadelphia Phillies announced today that Frank Torre, veteran first baseman, and pitchers Ray Culp and Bob Baillargeon have signed 1963 contracts with the National League baseball club.

Torre, 31, batted .310 last season. Culp, 21-year-old rookie right-hander won 13 and lost 8 with Williamsport in the Class AA Eastern League. Baillargeon, 21, a right-hander, was 11-11 with Dallas.

Pitchers Paul Brown and Lane Phillips, both 21-year-old right-handers, also have signed, the Phils announced Monday night.

Stan Mikita Gains On Hockey Scorers

MONTREAL (AP) — Scrappy Stan Mikita of the Chicago Black Hawks, one of the most exciting players in the National Hockey League, is closing in on the scoring leaders in the NHL.

Mikita picked up eight points on five goals and three assists last week to jump from seventh place to a tie for third, only three points behind first place Johnny Bucyk of the Boston Bruins.

League statistics, released today, show Bucyk on top with 55 points on 22 goals and 33 assists. Big Frank Mahovlich of the Toronto Maple Leafs is second with 54 on 27 goals and 27 assists.

Mikita has 22 goals and 30 assists for 52 points.

HONOR 2 GRIDDERS

PHILADELPHIA (AP)—Oregon State quarterback Terry Baker and New York Giant end Andy Robustelli were honored by the Maxwell Football Club Monday night as outstanding college and pro football players of the year.

Baker was unable to attend, due to commitments as a member of his school's basketball team. Oregon football coach Tom Prothro accepted his award.

COACH FOUND DEAD

CLINTON, S.C. (AP)—The body of Presbyterian College's football coach, Clyde Ehrhardt, 49, was found in his automobile near here Monday night. A discharged shotgun was by his side.

Laurens County Coroner Marshall Pressley declared the shooting was accidental.

The wooded area where the body was found was one in which Ehrhardt and other members of the coaching staff frequently used for hunting and fishing.

EX-WARRIOR SHINES

Elwood City H.S. Court Coach Has Strange Methods

By DAVE LEHERR

ELLWOOD CITY, Pa. (AP) — L. Butler Hennon may not be the most successful basketball coach in the world right now, but he's definitely one of the most unique.

Where else can one find a coach who uses galoshes, leather mittens, weighted vests, ping-pong balls and rock 'n' roll music for practice?

It's routine for Hennon at Ellwood City High School. He even makes his players skip-rope, dribble blind-folded, toss medicine balls and dance.

"The heavier the equipment, the quicker and more agile the player," theorizes the veteran coach who has been directing high school basketball teams since 1933.

IT WORKED BEFORE

And even Ellwood City's 6-11 record doesn't bother him. "Ellwood City used to be the doormat of the WPAL," declared Hennon who took over the reins two years ago. "But no more. We're not a pushover anymore. These other teams have to play us now."

Losing is something new to the 53-year-old coach. In 16 years at the now defunct Wampum High School, Hennon amassed a sensational 514-146 record, winning 14 section titles, three state Class B titles and setting a state scoring

record of 101 points a game in league competition in 1955.

When Wampum merged with Ellwood City, a Class A team, in 1960, Hennon went along and took his gimmicks with him.

Now he feels the Ellwood City team is starting to come into its own.

The kids get a kick out of the unorthodox practice sessions. "They may seem silly, but they get results," one boy said.

The ping-pong balls and medicine balls are used to teach ball control, the coach explained. Five or six boys stand in a circle, tossing the two different sized balls back and forth to the rhythm of music.

Dribbling is perfected with taped glasses designed to keep the player from constantly looking at the ball.

The huge leather gloves are used in passing practice. "A 6-foot youngster wearing the big gloves has the potential of a 6-7 player," said Hennon. "It is much more difficult for a player to pass through guys with those gloves on." The mittens also help develop a sense of touch.

"All these ideas may sound strange, but they help our boys react to a situation with precision—and after all that's what basketball is," Hennon said. "It takes time, but I'm confident it will show in our record after a while. We can't hurry the process."

Ironically, Hennon's prize pupil was his own son, Don, an All-America at Pitt in 1958 and 1959. Don started in the first grade dribbling blind-folded, jumping rope and throwing medicine balls.

The results were obvious. Don scored 2,376 points at Wampum, then went on to shatter most of Pitt's scoring marks.

DRAKE IS NO TROUBLE FOR CINCINNATI

By JIM HACKLEMAN

Associated Press Sports Writer

Cincinnati's streaking Bearcats have posted another triumph in their drive to establish themselves as one of college basketball's all-time top teams, settling a minor score in the bargain.

Fired by the shooting of Ron Bonham and showing their customary tenacious defense, the Bearcats recorded a 71-60 victory Monday night over the Drake team that threw a scare into last week, Drake took the nation's No. 1 club into overtime Thursday night before falling 65-60.

Cincinnati now is 18-0 this season and has won 36 straight over-all for the third longest victory string ever. San Francisco holds the record of 60 in a row in 1954-56 and North Carolina won 37 straight in 1957-58. Cincy will have a shot at tying North Carolina's total this Saturday against Bradley.

Other big ones

In Monday night's other headline attractions—fourth-ranked Illinois strengthened its Big Ten lead by outlasting Indiana 104-101 in a free-wheeling affair; Oklahoma State topped seventh-ranked Colorado 52-49 and threw the Big Eight race wide open; Mississippi State pushed into a first-place tie in the Southeastern Conference by whipping Tulane 91-73; fifth-ranked Arizona State ran over New Mexico State 89-62; and Georgia Tech. No. 6, needed some clutch work by a pair of reserves to squeeze by William and Mary 50-49.

Cincinnati took a while to assume command in their Missouri Valley match at Drake, trailing by as much as five points in the first half. But with Bonham pumping in 15 points in a 10-minute span before intermission the Bearcats left the floor with a two-point edge. Cincinnati limited the Bulldogs to 22 points in the second half and held them scoreless the final three minutes.

WIN FOR PURDUE

Bonham finished with 31 points and, to prove he is no slouch defensively, did a brilliant job on Drake sophomore Gene West, who had scored 21 against Bonham in the squeaker last Thursday night. West got only 2 Monday night.

Purdue got its first victory in eight Big Ten starts, downing Michigan State 103-81. Davidson cashed in on free throws for a 50-49 Southern Conference decision over The Citadel. National scoring leader Nick Werkman collected 31 points as Seton Hall rapped Upsilon 94-71.

Other scores: Utah State 85, Montana 67; Wisconsin 81, Michigan 78; Vanderbilt 74, Alabama 73; overtime; Florida 84, Tennessee 73; Mississippi 60, Louisiana State 48; Maryland 73, Georgetown 72; Texas Western 65, Arizona 50; North Texas State 85, Hardin-Simmons 75.

Baseball Was Never More Popular Than Today, Says Commissioner Ford Frick

By JOE REICHLER

Associated Press Sports Writer

NEW YORK (AP)—In the wake of professional football's most prosperous season when once again this sports-conscious nation of ours is asking whether baseball has been permitting its winter counterpart to take over as America's national game, comes a voice that proclaims Abner Doubleday's invention to be in its healthiest state.

The voice is an important one since it belongs to baseball's chief executive, Commissioner Ford Frick.

"Baseball has never been more popular than it is today," said the man who has guided its destiny for the last dozen years. "More people are watching it, both in person and on television, and more youngsters are playing it than ever before."

According to Frick, baseball, since it shed its cloak of timidity 10 years ago and took the big plunge into the fresh waters of expansion, has made great strides moving into an era of prosperity, confidence and popular support the likes of which have never been dreamed.

When Frick became the big boss of baseball, in September of 1951, the game was fraught with dangers and loaded with problems. Declining attendances, shifting populations, minor league unrest, threat of television, strained player-owner relations and congressional probes into the very structure of organized baseball contributed to his problems.

"Our complexities were unlike those the game ever had been confronted with before," said Frick.

"Ten years ago we had 16 clubs in the major leagues with two or three in dire circumstances. Today we have 20 healthy clubs with a system set up for 24 clubs."

"Is baseball losing interest? On the contrary, there is more interest than ever in baseball. Look at the paid attendance figures. The majors drew more than 20 million people last year, more than twice as many as they did 10 years ago."

"There is no telling how many millions watched the games on television. More important to me is the fact that there were six million youngsters at ages 10 to 20 playing regularly under supervision."

6 MONTHS VS. 14 GAMES

Now to the burning question whether football is usurping baseball's heretofore unquestioned role as the mother sport in the country.

"I'm not going to become involved in a controversy with football," said Frick. "We in baseball are very happy about our game and we're not worrying about football. Both are major sports. Each has its place and season."

"It might be wise, though, to bear this one thought in mind. Is it possible for a sport with a season that comprises only 14 games to compete with another whose season extends through six months with games played every single day throughout those six months?"

MAY AMEND PROPOSAL ON RACE TRACKS

HARRISBURG (AP)—The sponsor of an administration-backed bill increasing restrictions on harness race tracks said Monday would examine closely any attempts to ease the proposed restrictions.

But Rep. Maurice H. Goldstein, R-Allegheny, had no comment on the possibility of permitting some governmental employees to work around tracks.

House majority leader Albert W. Johnson said over the weekend that the proposed ban on political party officers and state municipal employees holding an interest or employment in track operations might be amended.

WOULD BAR TEACHERS

"There is some feeling the law might be too stringent on governmental employees," Johnson told the Associated Press. "For instance, if a school teacher wanted to work nights at a harness track he couldn't do it as this is written."

Johnson and other Republican House members planned to discuss the matter further today.

"I want to see what the amendment is before I comment," said Goldstein, who tried two years ago to write the restrictions into the law.

"If it is injurious to the basic intent of the bill—to take politics out of harness racing—then I will oppose it."

OTHER DEVELOPMENTS

In other legislative developments:

—Sen. John T. Van Sant, GOP caucus secretary, said he plans to ask for a legislative study of the state's driver and vehicle licensing operations.

—Senate Education Committee chairman Paul L. Wagner said the Scranton administration's program to reorganize the State Council of Education would be submitted to the Senate this week.

—Johnson said he plans to bring to a final vote at least a portion of the administration bills to liberalize eligibility for medical care for the aged and to pay blind veterans whose blindness is service-connected a \$50 monthly pension.

—Johnson also said the leadership would ask House committee action today on administration bills proposing reorganization of the 16 professional licensing boards and appropriating an additional \$4 million this fiscal year for industrial development.

PLANS FOR WEEK

The House tentatively plans to meet three days this week; the Senate expects to meet just two days.

It is not certain what action two administration bills before the Senate would receive this week. The bills are a one-year moratorium on school reorganization and a prohibition against judges serving as arbitrators in civil damage suits.

Van Sant's proposal for a study of the licensing program could broaden into an investigation of the license suspension system.

TAKE CONTROL OF B&O ROAD

BALTIMORE, Md. (AP)—The Chesapeake & Ohio Railway formally took control of the Baltimore and Ohio at one minute past midnight Monday as the first step in a proposed merger.

It was the earliest time such a move was possible under the terms of an Interstate Commerce Commission decision issued Dec. 31.

The lines will continue to operate separately and keep their own names during the control period, but nearly a quarter of a billion dollars will be poured into the financially distressed B&O to strengthen it and improve its earnings so that a full merger of the two carriers can take place later.

The formal transaction took place in the board room of the B&O in Baltimore.

The systems have more than 11,000 miles of track and annual operating revenue of \$700 million and serve eight of the ten largest cities in the country—all but Los Angeles and Houston.

JUMPER DRESS LAUNCHED IN PARIS MONDAY

PARIS (AP)—Yves Saint-Laurent launched the jumper dress in his spring and summer collection Monday and revived the long sleeve for evening wear.

Hemlines cover the knee. Bosoms are apparent but not stressed. The jumper dress is shown for every hour, in contrasting fabrics. Sleeves are of foulard twill tie silk and the body of the dress is in plain mixture weaves or spring fabrics.

Saint-Laurent's sleeves for evening are wrist length and beaded or jeweled on chiffon. For evening, immaculate white is shown in a plain mixture weaves or spring fabrics.

Saint-Laurent has fun with the nun coif, which he fills with flowers in the back.

KNEES COVERED

The designer keeps the knees well-covered in all daytime suits and ensembles. Hemlines drop to floor length for evening. Bosoms are there but never arrogant. Daytime necklines often are topped by stiff turndown collars, in white organdy or sometimes of starched linen, reminiscent of those worn by circus clowns.

Smaller high exaggerated Eton collars appear on some suit necklines and blouses. Organdy or silk shantung ascots, draped to hide the wearer's chin, are worn with all suits.

Evening and late afternoon necklines often are scooped deeply in the back.

SHIRTING IN BACK

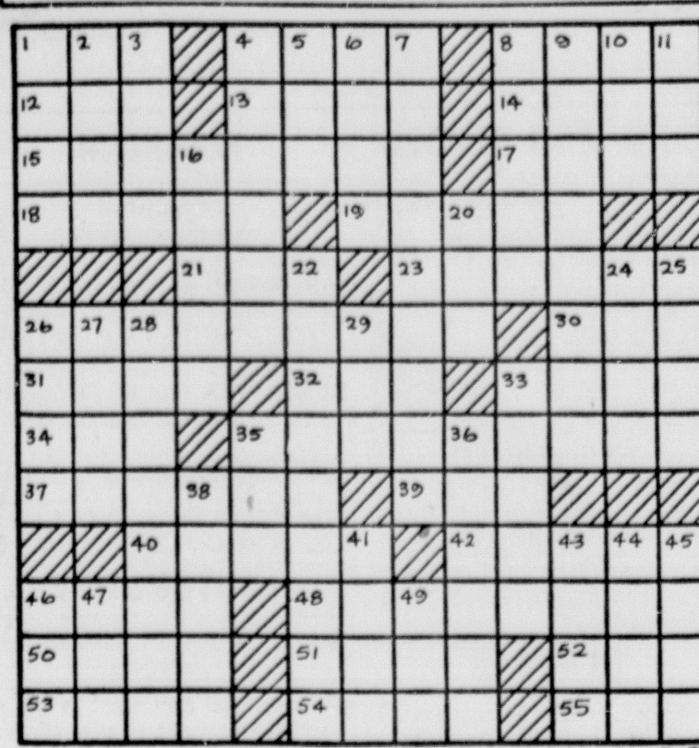

A softer line is achieved through gentle shirting in the back, dramatically emphasized on a black silk shaped sheath.

Big news is the return of the longer sleeve for evening. Saint-Laurent stresses a tight long sleeve, embroidering it in precious glittering jewelry, often on chiffon.

the college since 1923, will become provost of the school after he leaves his present office. His main duty in the new post will be fund raising.

No successor has been named.

Find Bodies Of 2 Yanks In Viet Nam

SAIGON, South Viet Nam (AP)—Search teams found the bodies Monday of two U.S. Air Force captains and a Vietnamese observer killed in the crash of a B26 fighter-bomber.

It was believed the plane was shot down while strafing Communist sampans along a canal.

A government spokesman said 58 guerrillas and 10 defenders were killed in the actio 110 miles southwest of Saigon Sunday. The Communists were driven off by air strikes and a helicopter-borne company of Rangers.

The crash brought the total of American servicemen killed in Viet Nam to 57, 29 of them in combat.

A spokesman at Eglin Air Force Base, Fla., said one of the B26 victims was Capt. John P. Bartley, 31, of Findlay, Ohio. His wife and two children were reported living in San Angelo, Tex.

BRAZZAVILLE, Congo Republic (AP)—The Congo Republic has a new law carrying the death penalty for crimes of pillage and devastation.

WIFE GUILTY IN SHOOTING

DOYLESTOWN, Pa. (AP)—Mrs. Gladys Marie Humphrey, 44, Morrisville, has been convicted of manslaughter in the fatal shooting of her husband Aug. 22, 1959. She had pleaded innocent by reason of insanity.

Bucks County Judge Edward H. Satterthwaite deferred sentencing pending a motion for a new trial. A jury of three women and six men returned the verdict Saturday night.

Mrs. Humphrey was accused of killing her husband, Thomas, a comptroller for the state Department of Revenue. She testified that she did not remember the shooting. The defense continued she was insane.

After the trial, Mrs. Humphrey was taken to Norristown State Hospital, where she has been a patient for 3½ years.

NEW MILFORD, Pa. (AP)—Daniel Oakley, 45, and his wife, Maude, 40, of Halstead, Pa., were injured fatally Saturday night in a two-car collision on Route 11, one mile north of this village near the New York State line.

Thomas Cook, 18, of New Milford, the driver of the other car, was injured critically. He was admitted to Binghamton, N.Y., General Hospital.

the law resulted from recent riots at Pointe Noire and Brazzaville after a disputed soccer match between the Congo Republic and neighboring Gabon.

TV CRITIC TURNS OFF BULLFIGHT

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—For a short time on Saturday afternoon a program called "Sports International" showed a Spanish bullfight in glorious living color on my television set.

NBC's Bud Palmer explained in a nice, calm voice that, whether you like it or not, bullfighting is a national spectacle—not a sport—of Spain.

Almost immediately the experts teased the poor creature so that he charged and toppled an old horse in the ring. Then some graceful fellows in tight pants and pinstripes proceeded to stick darts in the bull, all vividly shown in blood red by the television cameras. That is when this reporter turned the dial away from the NBC station and Bud Palmer.

I will defend to the death NBC's right to show a program about a bullfight—cruelty, blood and all. But that's one of the nice things about television—if you don't like what you are watching, you can turn it off.

CBS' Judy Garland special, to be shown March 19, was taped in New York last week—by shooting about an hour's worth of tape each night for five nights. The total product will then be edited down to about 50 minutes playing time.

ICE AGE HOLDS EUROPE IN GRIP

LONDON (AP)—Europeans shivered on in their little ice age Monday with no sign of early relief from the freeze.

Europe's unofficial death toll climbed to at least 539 as fresh disaster struck. In Spain's Canary Islands, off the northwest coast of Africa, a town hall collapsed during a storm, killing 23 persons.

Fresh blizzards dumped 15-foot snowdrifts in Britain's Kent County. Snowplows were unable to get through to some villages. Main British highways began to crack. Officials said this would add millions of dollars to the snow-clearing bill, which stands at 20 million pounds—\$56 million.

London's Water Board, plagued by thousands of burst pipes, took up the idea of an enterprising private plumber and started thawing pipes by sending a huge electric charge through the pipes.

A typhoid epidemic added to the troubles of Yugoslav villagers in the Bijelo Polje area of Montenegro. More than 50 persons were hospitalized. Snowdrifts kept doctors from reaching other sufferers. West German temperatures averaged about 5 degrees. The Rhine was still blocked to shipping.

Snow was reported from Marseille and along the Mediterranean Coast. Traffic on highways throughout France was snarled.

760 POUND MAN PASSES AWAY

JACKSONVILLE, Fla. (AP)—Two weeks ago, when Charles Steinmetz weighed 760 pounds, he said: "I haven't got much time left. I crave food like an alcoholic craves alcohol."

Steinmetz, 38, died Sunday in a hospital. Doctors said he weighed 740 pounds at death—a gain of 70 pounds in two weeks.

Steinmetz complained of lung congestion Saturday. It took 16 men to load him into the rear of a delivery truck for the trip to the hospital. Cause of death awaited the outcome of an autopsy.

Steinmetz, who was 68 inches tall and 76 inches around, said each pound he gained brought him nearer to death, but he couldn't stop. "Other people smoke or drink when they worry. I find myself a chicken."

At the age of 8, Steinmetz was underweight. He started gaining rapidly in his late teens. He worked 16 years as a typist, retiring on a medical pension in 1959 when he reached 585 pounds.

He said doctors told him there was nothing organically wrong. "I have no health problem, no diabetic trouble—just overeating," he said.

POPE IMPROVING
VATICAN CITY (AP)—Pope John XXIII is gradually getting over the bad cold that has bothered him for two days, Vatican sources said Monday.

It was the Pope's first illness since he recovered from severe anemia and a stomach disorder which sent him to bed last Nov. 27, two days after his 81st birthday.
